

## **Upton Village Hall Disability Access Policy**

Upton Village Hall recognizes its obligation under the Disability Discrimination Act and makes every effort to provide access to all our facilities for everyone.

### **We have done this by:**

- Commissioning local authority audits of our Disability Access in 2005 and 2013.
- Adopting recommendations from these audits where they were feasible and did not conflict with Health and Safety issues.
- Completing refurbishments since 2005 that complied with Disability recommendations where they were feasible and did not conflict with Health and Safety issues. (See website for details)

### **We will always:**

- Continue to monitor and review the needs of all our hall users.
- Implement alterations/adaptations where necessary.

As approved by the UVH Board meeting 15 February 2017
